

HEALTHY LIVING, STRONGER COMMUNITIES

WORKFORCE HOUSING PACKAGE

The *Draw Close* Program.

We don't just house your team. We send them home right.

WHAT IT IS

At the close of every project, we host a **fully produced appreciation event** for your crew. On us.

Long table dinner. Warm summer evening or hosted venue. MC, full catering, drinks — and a program designed to lift people up before they go home. **All costs covered within your ERS housing package.**

WHY IT MATTERS

Most projects end with a handshake and a drive home.

Your people spent months away from their families, living in temporary accommodation, grinding through a project. **They deserve a proper close.** Draw Close gives them that — a night to sit down, see what they built, be recognized for it, and leave proud.

THE EXPERIENCE

A proper evening. Not an afterthought.

THE EVENING

How the night runs.

01 Arrival & Mingle Drinks, appetizers, open patio. The crew unwinds together before sitting down. No agenda yet — just people who've been through it, finally exhaling.	02 The Long Table Dinner Family-style. Everyone seated together. Warm light, good food, drinks flowing. The MC opens the evening — relaxed, warm, nothing corporate about it.	03 Project Reflection A guided look back at the full arc. Where it started, what was overcome, what was built. The team sees the whole picture — maybe for the first time.
04 Recognition Moment Your company presents. We host. Standout contributors are lifted up — the quiet ones, the reliable ones, the people who held it together. This is the part they remember.	05 Gratitude from ERS We take a moment to thank the workers — not as a vendor, but as a partner. The people who trusted us with their home away from home.	06 The Send-Off A final toast. A proper goodbye. People leave full, recognized, and proud of what they accomplished. That's what they carry to the next project.

"The project doesn't end when the last nail goes in. It ends when the team gets to stop, look around, and say — we built that. Together."

Held while they're still on site.

Before the crew disperses. Before the handshake and the drive home. While it still means something.

WHY IT MAKES BUSINESS SENSE

The return on one good evening.

Workforce Retention

Workers come back to companies that treat them well. One evening of genuine recognition does more for loyalty than a wage increase. They remember how it felt.

Reputation in the Trades

Skilled trades communities are tight. Companies that stand out for how they treat people attract better talent — before a job posting is even written.

Project Closure for Your Team

Long-duration projects without a proper close leave teams psychologically unfinished. Draw Close is the ritual ending that sets everyone up for the next one.

A Package, Not a Provider

ERS becomes a workforce wellbeing partner — not just a vendor who supplies beds. Draw Close is the proof point that changes how your team thinks about the relationship.

Everything Included. Nothing Extra.

Draw Close is part of your ERS housing package. No separate invoice. Nothing for your team to organize.
